JIGS

Joint Industry Grading Scheme

WE ARE FORMALLY RECOGNISED BY

bectu ITV BBC pact.

LIST OF ACCREDITED RIGGERS

The JIGS Scheme, for Riggers in the film and television industries, is designed to promote high safety standards and industry-wide competence. JIGS, through structured independent and formal training undertaken via the CITB, has helped maintain a professional and competent Rigging workforce across the film and entertainment industry for over 30 years. Core grades consist of Trainee, Basic and Advanced. Specialist grades consist of Electrical, Special Effects, HOD/Master Rigger, Wire/Flying Effects, and Diving. Each grade relates to the areas a Rigger may work in and specialist training and knowledge acquired.

This list contains information about individuals who have applied and gained accreditation via JIGS. They have given their consent for their details to be published. There may be other graded individuals who do not wish to have their details published. If you wish to check the accreditation held by those not listed, please contact:
